internal/external parasites, up-to-date with recommended vaccinations (including proof of current rabies and leptospirosis immunizations by a licensed veterinarian) and of acceptable temperament for patient visitation at Eastern Oklahoma Medical Center.

Restrictions: _____

Signature of Veterinarian _____
Date and Time

A copy of current immunization record is required.

Instructions to Animal Owner/Handler:

- Have Veterinarian, licensed to practice in Oklahoma, complete the above information.
- Return completed form to Infection Preventionist, ***no less than 24 hours before visit.***
- Pet must be bathed within 24 hours of visit. (no matted hair, feces or other debris present)
- No dogs or cats less than 2 years of age will be permitted.
- Animal must be transported in a carrier and remain on a leash for the duration of the visit.
- Visit must be prearranged with nursing staff after clearance from Infection Preventionist.
- Generally, visits are limited to one (1) hour or less.
- The person bringing the animal to the hospital must remain with the animal at all times.
- Photo of animal will be obtained and retained with documentation.
- Please notify hospital staff of any elimination issues while visiting. Effectively cleaning and disinfecting after “accidents” will be the responsibility of the transporter.
